

Autumn 17 Newsletter

New Courses Now Available

Gas Foundation MLP

As of 1st October 17 the APL Gas Foundation course for new entrants has been replaced by the new MLP, (Managed Learning Program).

We are proud to announce that we have met the criteria for this course and are certified to run it with immediate effect.

The cost for MLP Domestic Gas, including core & 4, and certification is £5995 +VAT.

Tailored MLP courses are also available for Commercial Heating, LPG and Commercial Catering.

CCN1 R

The complete package,
consisting of:

**CCN1R, CENWAT,
HTR & CKR**

£770 +VAT

**Plus
Certification £60 +VAT**

A full comprehensive list of all the courses we offer, with prices is available on our website

Mykal Trim and David Phillips would like to welcome all heating engineers to their Training and Assessment Centre, Anglia Heating Training Ltd, just off the A11 at Wymondham in Norfolk. The centre offers one of the largest practical training facilities in the area, covering Natural Gas, Domestic & Commercial, Commercial Catering, LPG including Vessels 1 & 2, Oil and Water. The bespoke Training and Assessment facilities have been designed to cater for each individuals needs. You will be put at ease and made to feel comfortable in the air-conditioned training rooms throughout your theory training experience.

We will be sending out quarterly newsletters with relevant industry changes, technical bulletins, and training centre updates.

Manufacturer Training

Ideal Boilers run a boiler fault finding and maintenance training course once a month at our training centre, with lunch provided. You can book your place by phoning us direct on 01953 857448.

This is a very popular course, with bookings being on a first come, first serve basis.

Grant Boilers – we are a Grant approved oil training centre including the new Blue Flame burner. **Training Dates To Be Confirmed**

Congratulations to Gary Burman on being our first APL Gas Foundation candidate to complete the course, and who is now a qualified Gas Safe registered heating engineer. Well done Gary.

NEW ASSESSOR

Mykal and David would like to congratulate Paul Faulks on achieving his Assessor Award. Paul has worked hard with us over the last 16 months with the construction and implementing of Anglia Heating Training Ltd. He has been running training courses for the past year and is now also an accredited Assessor with us.
